Subject: Projected Camp Attendance -
Owasippe 1948

Dear Jack:

Attached you will find a projection of camp attendance for Owasippe, 1948 based on the number of paid reservations for boys and the actual attendance of boys who came into camp during the first period.

In other words as you will note, there were 851 in paid reservations, 740 boys who actually came to camp board paid, or there was a loss of 111 boys which amounts to a 13% loss in attendance.

As you will note from the attached sheet, a projected loss of 13% for each of the successive periods with the indicated paid reservations as of July 8th, would find that Owasippe this season had a paid reservation of 3066 with a 13% loss or 400 boys who failed to show up or an actual probable paid board of 2666, which means that we will probably have 84 less Scouts in camp than the 2750 Scouts on whom the Owasippe budget has been prepared.

Therefore, I am curtailing certain budgetary expenses in the Operating Budget so as to reduce any possibility of terminating this season with a subsequent loss.

It is apparent that for all practical purposes, the closing of Camp West in the fourth period is mandatory. Also the closing of Camp Belnap in the fourth period is mandatory. Such Scouts as are registered for these two camps to be transferred to Camps Beard and Stuart. The closing of these two camps will effect a saving of approximately $2,000 in operating expenses. This is based on the reduction of not having to pay a camp staff for the fourth period in the two camps and not needing to ice and coal nor furnish extra quantities of kerosene, gasoline, and oil and reducing truck runs

and mail runs from this office to these two camps. The saving may even approximate a greater sum than the above mentioned $2000.

Of this you may be sure, nothing has not already happened nor can happen in the foreseeable future as to endanger the sound financial operation of these camps this season. Strict budget control and observation of daily returns as to cash balance is being made daily by Jim and myself.

Within the next couple of days I will send to you a requisition for the third quarter Owasippe maintenance appropriation, as I do not want to be in the position of using operating funds to defray maintenance expenses, which as you well know, go on regardless of whether the funds are forwarded. Also, I have prepared a cost accounting balance sheet as to what the cost for the operation of Camp Belnap for three periods of 1948 is to the Chicago Council and the Owasippe Scout Camps. This in turn I will forward to you and Mr. Cornell and Mr. Otis within the next couple of days. I am sure you will readily see how financially unwise it is to maintain this camp in the manner in which it has been.

Yours very truly,

Jack M. Perz
